Terneuzen – Zeeland Programme

This year, the starting shot of the Scheldeprijs for **Men Elite** will echo for the sixth time in the Dutch town of **Terneuzen**. Good news, because the organisation, municipality of **Terneuzen** and province of **Zeeland** have recently announced that they are extending their collaboration for three more years. On 5 April, the riders start unofficially on the **Stadhuisplein** in **Terneuzen**. The official starting signal will sound before the **Westerschelde tunnel**, after which the battle with the wind in Zeeland can commence!

PROGRAMME

11:30: Team presentation Men Elite on the Markt in Terneuzen

12:45: Start Men Elite on the Stadhuisplein

HOW TO GET THERE

Cycling to the starting zone is a healthy and cheap way to travel. A few minutes' walk from the starting zone, a free, guarded and covered bicycle parking facility will be located on Herengracht. An additional, outdoor bicycle parking facility will also be provided with fencing as an extension to the facility. EXPLORE ZEELAND

Zeeland is a green delta and former island kingdom located between **Flanders** and **Holland**. It is culturally diverse, located at the point where the land meets the water, intersected by the **two 'Scheldts'** (Eastern and Western Scheldt). Zeeland has lived and fought with and against the water for many centuries. For example, Zeeland has been plagued by several storm surges, resulting in its constantly changing shape. Villages have been engulfed, even an entire city (Reimerwaal) once perished, but after the **great storm surge of 1953**, Zeeland is now 'dry'. The islands have been connected and protected by the **Delta Works** with the **Oosterscheldekering** (Eastern Scheldt storm surge barrier) as its most famous icon. The battle against the water continues. Examples include 'building with nature' involving new coastal defences such as **Waterdunen** (Zeeuws-Vlaanderen). Zeeland is home to proud but modest inhabitants who are passionate about their Zeeland and are only too happy to 'share' it with visitors who come here to enjoy the beautiful beaches, culinary qualities and rich history.

EXPLORE TERNEUZEN

Terneuzen is a beautiful **port city** and this connection with water is not only felt in the port. The city offers many (water) leisure options and is also a must for shopping or sampling the culinary delights on offer. In the region around the **Western Scheldt**, lovers of peace and greenery will certainly find what they are looking for. In the Smittschorre area near Axel, for example, you can explore the **States-Spanish Lines**. Here tranquil nature meets some wild remnants of the Eighty Years War. In the enchanting Green Canal Zone around Terneuzen you can take a delightful walk in the fresh air. Or experience for yourself how the Zeeland wind plays a role for riders of the Scheldeprijs and set off for a challenging bike ride in the midst of all this splendour.

EXPLORE SCHOTEN

Schoten is the epicentre of the Scheldeprijs, with not only the men's finish, but also the start and finish of the women's race since 2021. The unique **town hall** in Neo-Renaissance style is a castle that appears to float on the water. 32% of the total area of Schoten is forest. Schoten remains a **green municipality**, despite the fact it is densely populated. Because of all this greenery, Schoten is a hit with cycling and walking enthusiasts. During your visit, be sure to explore **Park Vordenstein!** The nature is both landscaped and truly majestic in its natural beauty. It's the ideal spot to unwind.

Edition 2022

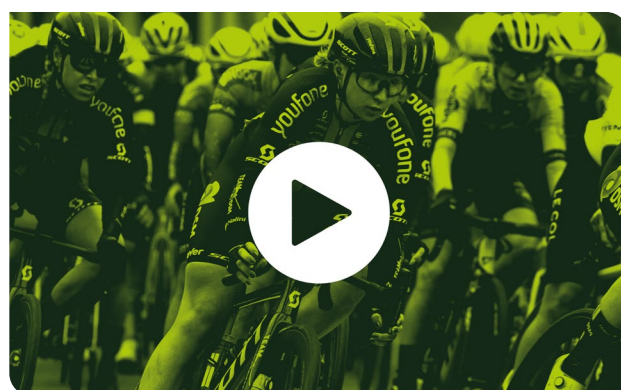

Scheldeprijs

Let's return one last time to last year's edition. As usual, the **wind** and the **rain** again took on their role as disruptors. After all the **echelon chaos** in Zeeland, the riders headed to **Schoten** for the local laps where, after a late attack, **Alexander Kristoff** was the first to cross the finishing line. And that for the second time in his career. We also saw a double with the women, as **Lorena Wiebes** made it 2 out of 2 with her quick legs. Are you curious to see if she can extend her title again this year?

Through the years

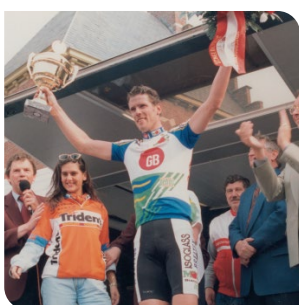

The oldest of the Flemish spring classics is celebrating its **111th** edition this year and over the years it has grown into the unofficial world championship for sprinters. We look back at the editions of **1973**, **1983**, **1993**, **2003** and **2013**.

Half a century ago, in **1973**, **Freddy Maertens** received the cheers in Schoten. That year, the rider from West Flanders competed in the Scheldeprijs for the first time and thus he immediately made his mark. Maertens, who was just 21 at the time, beat a small group including **Louis Verreydt** and his teammate **Marc Demeyer** in a sprint finish.

Ten years later, in **1983**, it was **Jan Bogaert** who tasted success in the Scheldeprijs. The Belgian defeated **Ludo Schurgers** by the thickness of a tyre. Schurgers had won the race the year before. **Frank Hoste**, team mate of Bogaert at Europdecor - Dries - Eddy Merckx, was the third person on the podium in **1983**.

Mario Cipollini brought colour to the Scheldeprijs in the early 90s. After winning at his first attempt in **1991**, the flamboyant Italian repeated the trick two years later with his second attempt in **1993**. Belgian sprinter **Wilfried Nelissen** took the lead a little too early in the sprint which gave Super Mario the chance to pass him.

In **2003**, there was no bunch sprint in Schoten. A group of four riders just managed to stay clear of the closing peloton in a strong finale. **Ludovic Capelle** sprung away from that group in the last kilometre and won the Scheldeprijs. His fellow escapees **Jaan Kirsipuu** and **Stephen Radochla** joined the Belgian on the podium. **Erik Zabel** won the bunch sprint and finished fifth, one second behind Capelle.

Ten years ago, in **2013**, **Marcel Kittel** was celebrating victory in Schoten for a second time. In the jersey of Team Argos - Shimano, the German sprinting ace scored the second of his five wins. **Mark Cavendish** threatened him in the final metres, but in the end it was **Kittel** who took away the prize. As of today, the German can call himself the sole record holder of the Scheldeprijs.

IN SEARCH OF THE WIND

Both the men's and women's courses are very similar to last year's. The starting signal for the men's race will be given just before the [Westerschelde tunnel](#). They then embark on a journey through the [windy polders](#) and over the [dykes of Zeeland](#). After their passage through Zeeland, they cross the border and continue the race on [Belgian soil](#). There they start their local laps around and through Schoten with the cobblestones of the [Broekstraat](#) on each lap as the biggest obstacle.

The women will be competing in their third edition of the Scheldeprijs this year. They remain on [Belgian territory](#) and are first presented with a loop through the Belgian Kempen. Via [Kalmthout](#) and [Wuustwezel](#), they head towards Hoogstraten, where the wind can also play an important role. They then head to Schoten for their local laps. Curious to see if [Lorena Wiebes](#) manages 3 out of 3!

The [timetables](#) give you a handy overview of where you can cheer on your favourites and the time when they will be racing by. [Discover all the course info below.](#)

WEAR IT IN THE SUN, LOVE IT IN THE RAIN.

Frightening clouds are on sight, but you start your session nonetheless. A few kilometers into the ride sky opens up and sun pops out. As temperature rises, body moisture gets trapped and you start thinking that wearing your best jacket was the worst decision of your life.

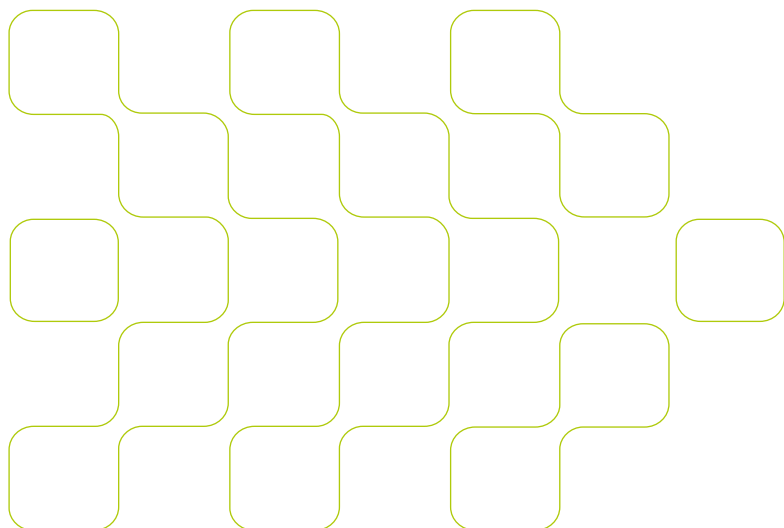

We developed our Fiandre collection with this concern in mind: provide protective layers to face any weather conditions at high intensity effort. You'll be wearing these garments on a chilly day with bright sky, in a spring storm, when summer comes to an unexpected end. You pick!

Fiets leasen? Da's zo geklikt!

KBC Fietsleasing zet in op digitalisering en vereenvoudiging.

Fietsleasing heeft de wind mee. KBC Fietsleasing telt al meer dan 25 000 fietsers en daar komen er elke dag bij. Als marktleider van fietsleasing in België blijven we ook innoveren. Fietsers krijgen de keuze uit steeds meer merken en types, van plooi-fiets tot speed pedelec. Bovendien maakt de toenemende digitalisering de leaseprocedure almaar eenvoudiger, voor werknemers en ondernemingen. Offerte aanvragen, fiets bestellen of laten onderhouden bij de dealers, hulp invoeren in geval van pech... Het loopt allemaal via de handige webtoepassing KBC MoveSmart en MoveSmart in de KBC Mobile app. Wil je jouw collega's ook op de fiets?
